Reading:

- Students have gone home with a few books that they should be able to read on their own. Have them practice reading out loud to you. They can also read any books you have at home.

Word and Number of the Day:

- Complete the Word and Number of the Day pages as best you can. Pick a 2 or 3 digit number or challenge yourself with a 4 digit number. Use the example in your home package or on my website as guidance.

Writing:

- Use the sheets provided to write about anything, or use my suggested topic. The date should be on the top of each entry. Students should draw a picture to go with their writing, and do their best to sound out letters and words. There are extra lines on the back for more writing if needed. Encourage the use of full sentences with capitals and punctuation.

Math:

- Use the pages sent home to complete the assigned tasks.
- Use the hundreds chart or a number line as needed to complete them (more resources on my website).
- A booklet of "cheat sheets" was sent home as well to be used with daily math or any other math tasks that you might need it for.

**Try to use the Learning Log to keep track of any learning that happens at home, and bring this back to school for me to see your progress. Please let me know the level of support/help you needed to provide for your child.
